WANTED TO LYNCH HIM

The Assault on W. Jacques at Florence, Italy.

HIS STATEMENT OF THE AFFAIR.

While Driving Through the City the Boston Man Is Surrounded by a Mob and Pelted with Stones—His Little Daughter Injured for Life—Mr. Jacques' Private Mail Opened by the Italian Government—A Serious Matter.

Boston, June 11.—William W. Jacques, of Boston, who was assaulted by a mob in Florence soon after the New Orleans tragedy in this country, has sent a personal statement of the outrage to friends here in which he declares the matter is much more serious than the Italian government will admit. He was himself hurt by the stones, while his daughter received a cut which will disfigure her face for life. The Italian authorities, furthermore, have taken the liberty to open Mr. Jacques' private mail and telegrams. The assault occurred May 1, the day when the Socialists all over Europe made their public demonstrations, and a large contingent of the laboring people from the surrounding country had gathered in Florence to take part in the event.

Surrounded by a Mob. Mr. Jacques was assured at his hotel that no trouble could arise from this motley crowd, as a large force of military was on hand to keep it in subjection. He, therefore, started out for a drive in an open carriage, accompanied by his 9-year-old daughter. While driving along one of the most respectable residential streets of the city he was surrounded by a mob, who, setting up the cry of "Americans, let us lynch them; down with the rich!" he was pelted with the occupants with stones. Mr. Jacques protected himself and his daughter as best he could with a large umbrella, but before the driver could force the horses through the crowd the little girl had been struck just below the right temple by a large cobble stone. The blood rushed from the wound, saturating the child's clothing and that of her father, and, strangely enough, stained his United States passport, which he carried in his pocket.

Narrow Escape from Death. Mr. Jacques was also hit several times by the missiles of the mob, but was not seriously hurt. The English doctor who dressed the child's wound said that it was a very narrow escape from death. One month later the wound had nearly healed, but it will leave a bad scar. Mr. Jacques was assured by the American consul that every action would be taken by the Italian authorities to bring the offenders to judgment and later several arrests were made. The Italian government, however, has done everything, so Mr. Jacques says, to hush the affair up. It went so far as to open and delay all his letters and telegrams to friends in America about the assault and delayed all return dispatches.

The Typographical Union. BOSTON, June 11.—The typographical convention Thursday refused overwhelmingly to make a printers' exhibit at the World's fair. A resolution was adopted calling upon the secretary-treasurer to call the attention of unions where two or more exist in a town or city to observe the clause of the constitution providing for councils of allied trades. Resolutions were adopted that union composition must be identical with all other typographers, demanding the union label on all printers' goods; favoring government control of the telegraph, and appointing a committee to consider the amalgamation of the German Typographical union.

Made Hay While the Sun Shone. NEW YORK, June 11.—Eighteen months ago William H. Forest became bookkeeper in the office of The Churchman on Lafayette place, which is owned by M. H. Mallory & Co. On Tuesday he pleaded guilty to forgery before Judge Cowing and Wednesday he was taken to the Elmira reformatory. Forest is a young man, 24 years of age. The Churchman office was \$14 a week. It is thought that the young man stole more than \$50,000 from the firm. Mr. Mallory admitted Wednesday night that \$10,000 had been taken. Forest had been stealing for nearly eighteen months. His plan was to raise checks.

Resigned His Position. CHAMPAIGN, Ills., June 11.—Dr. Peabody, against whom the students of the university recently rebelled, has resigned. The board of trustees met here to take up the work of electing a new president. He was taken time after time, and when the meeting adjourned late Tuesday night the vote stood 5 for and 5 against Peabody's re-election. McKay offered a resolution to the effect that the pay of the person acting as regent be stopped. Sept. 1, upon this a resignation was presented. Dr. Peabody to take effect Sept. 1, which was accepted by the board.

Drink Was His Ruin and Death. DENVER, Colo., June 11.—Alexander Fraser, son of Mrs. Flora Fraser, of Chicago, committed suicide in a room on Curtis street in this city Wednesday. The young man is a nephew of Alex. McDonald, the president of the Consolidated Tank Line company. His uncle sent him out into this country and furnished him with money in the hope of reforming him, but he went from bad to worse until he wound up his career in the manner above stated.

Caused an Irreparable Loss. PIERRE, S. D., June 11.—Tuesday night fire was discovered in the Stanley court house, in Fort Pierre, opposite this city, and it, together with two store buildings adjoining, was consumed. Loss, \$40,000, with no insurance. All the records of the county, which was organized one year ago, were destroyed, entailing a loss that can never be repaired. It is generally believed that the fire was started by an incendiary.

Bishop Flaseh's Condition. LACROSSE, Wis., June 11.—The case of Bishop Kilian Flaseh, of the Roman Catholic church of this diocese is considered very critical. He is generally believed to be recovering. Cancer of the stomach is his ailment. He returned last Saturday from a protracted trip through the south, and has steadily failed ever since.

Yardmasters' Association. TOLEDO, O., June 11.—The National Yardmasters' association met here Thursday. President Hicks, of Indianapolis, read the annual report, which showed the order to be in good condition.

SIR WILLIAM OSTRACIZED.

Terrible Nature of the Position in Which He Is Placed.

LONDON, June 11.—It is understood that steps are being taken for the immediate expulsion of Sir William Gordon-Cumming from Carlton and other clubs to which he belongs. There will not be a single club in London which he will be able to enter, and all doors will be closed to him. Continental clubs which are in correspondence with English clubs will also refuse him admittance. No English minister abroad will receive him, and he will be sternly cut by all his old associates. Finally he will shortly be cashiered from the army and lose his half pay as well as his military rank.

The Prince and the Countess. Whether the American lady whom he has married realizes the position in which she is placed is doubtful, but there is no doubt as to the terrible nature of the position itself. It is believed that the baccarat counters in the possession of the Prince of Wales were given to him shortly before the Tranby Croft affair by one of his friends, who is a member of the house of commons. He thought no more of having them than if they had been wine or cigars. The public take a very different view of the matter, as is proved by the censures already passed upon his conduct by the Wesleyan and other religious bodies.

Want the Prince to Resign. LONDON, June 11.—The Liberal-Radical society of Scotland has forwarded to the Prince of Wales a resolution, adopted by the society, concerning his action with the baccarat case, and demanding that he resign his army commission.

At the annual conference of the Congregational churches of Glamorganshire, Wales, resolutions have been adopted denouncing the Prince of Wales for his connection with the baccarat scandal.

HAS NOT BEEN RECALLED.

Minister Porter Leaves Italy Simply on a Vacation.

WASHINGTON CITY, June 11.—Italy and the United States have not much diplomatic business on hand just now, but there is no reason why that account for giving undue importance to the vacation of Minister Porter. He is merely going to enjoy himself in Europe until Italy sends some one to the United States to replace Baron Pava. Unlike the latter Mr. Porter has not been recalled officially. This country does not know that the Italian minister has been recalled, but merely that he has been granted an unlimited leave of absence. So the way is really open to Mr. Porter to return to his post in Washington without the need of an embarrassing explanation.

Delayed His Departure. Some time before the New Orleans episode Minister Porter secured leave of absence from the department, but delayed his departure from Rome on account of the negotiations resulting from that affair. He has now been constantly in Rome for considerably more than a year, which is not usual in the ministerial service. Of course the officials of the state department are unwilling to admit that any such significance is to be given to Mr. Porter's absence from Rome, but there are diplomatic reasons why this state of affairs should exist without an official statement of the reasons, which must be left to imagination.

Invited the President to Raleigh, N. C. WASHINGTON CITY, June 11.—A delegation consisting of seventy-five southern gentlemen, headed by Senator Ransom, called upon President Harrison Tuesday, and invited him to attend the southern exposition at Raleigh in October. Senator Ransom made a brief address at the conclusion of which the president said that it would be impossible at this time to definitely accept the invitation. He would, however, be present if possible. The delegation then presented the president with a book made of southern pine, a side of which were samples of North Carolina's productions of cotton, leaf tobacco, and mien, and on which was inscribed the formal invitation to the president and cabinet.

Only \$318 Out of \$12,000. HAMMONTOP, N. J., June 11.—George Hutchins, a wealthy farmer, who died at Ansonia several years ago, left \$12,000 to his daughter, Henry George Hutchins, and the balance of his fortune was left to his wife. The will has been hotly contested for several years until, like Dickens' famous case of Jarndyce vs. Jarndyce, lawyers' fees and court charges have about exhausted the bequest. The next step will be for a rule to show cause why the executor should be allowed \$318, the fee of the \$12,000 to Henry George.

A Woman Devoured by Dogs. MACOMB, Ills., June 11.—Mrs. Martha Wayland, aged 80, disappeared from her home early Wednesday morning. Wednesday her grandson went into a pasture and there discovered a drove of dogs fighting over some object which proved to be the woman's body. They had partly eaten the head off and were devouring other portions of the body. Assistance was called as men were coming to seek the body away from the corpse with clubs. The brutes fought the men like wild cats.

John D. Rockefeller 11. CLEVELAND, O., June 11.—John D. Rockefeller is at his home in this city suffering from a severe attack of nervous prostration. He is in close seclusion and under orders from his physicians to lay aside entirely the cares of business during the summer. A gentleman closely connected with the family says that while Mr. Rockefeller's condition is such as to cause anxiety among his friends, he is hopeful of an early and complete recovery.

Too Much Whisky Kills a Ball Player. NEW HAVEN, Conn., June 11.—Jerry Dorgan, brother of Mike Dorgan, the right fielder, formerly of the New York club, and a well-known ball player himself, was found seriously ill Tuesday night in the stable in the rear of the Kilbourn house, Middletown, and was taken to the lock-up. At an early hour yesterday he was found dead in his cell. Alcoholism was the cause of his death.

Bishop Knight's Successor. LACROSSE, Wis., June 11.—A strong pressure is being brought to bear upon the Episcopalians of the state to make unanimous the election of Rev. W. T. Brooks, of this city, to the vacancy caused by the death of Bishop Knight, of Milwaukee. The reverend gentleman was the choice of many at the time of Bishop Knight's election to the position.

NAMED THE JUSTICES.

Land Claims Judges Appointed by the President.

A MAN FROM IOWA HEADS THE LIST.

Joseph R. Reed, of Council Bluffs, Chosen for Chief Justice and Two Democrats Appointed Among the Four Associates—Brief Synopsis of Reed's Record—All Men of First Class Legal Ability—The Trouble Over the Nebraska Indian School—Col. Meredith and the Knights.

WASHINGTON CITY, June 11.—The president has made the following appointments: Leonard W. Ruby, of Nebraska, to be chief justice of the court of private land claims; Joseph R. Reed, of Iowa, to be chief justice of the court of private land claims; Wilbur F. Stone, of Colorado; Henry C. Sluss, of Kansas; Thomas C. Fuller, of North Carolina, and William W. Murray, of Tennessee, to be associate justices of the court of private land claims; Matthew G. Reynolds, of Missouri, to be attorney for the United States for the court of private land claims.

Something About the Appointees. Joseph R. Reed, of Council Bluffs, Ia., the appointed chief justice of the court, was born in Ohio in 1835; served throughout the war in the Union army; studied law; was appointed judge of the district court of Iowa in 1873 and judge of the supreme court in 1884; was a member of the fifty-first congress; a lawyer of high standing. In politics he is a Republican. William W. Murray is 55 years old and a Republican. Henry C. Sluss is 50 years old and a Democrat, about 35 years old. Wilbur F. Stone is also a Democrat, about 50 years old, and M. J. Reynolds is a Republican, about 40. All are men of high standing at the bar.

The period for which these appointments are made will expire in December, 1895. Each judge will receive a salary of \$5,000 a year and expenses. Mr. Reynolds will receive \$5,000 a year and expenses. The court will sit in the various western states where private land cases are to be tried. It will convene at the pleasure of the court.

THE INDIAN SCHOOL TROUBLE.

Further Particulars About That Labor Kick in Nebraska.

WASHINGTON CITY, June 11.—Commissioner Morgan, of the Indian Bureau, has received a second letter from Superintendent Backus, of the Genoa, Neb., industrial school for Indian children; explaining more fully the situation in that section as to the employment of Indian children in the beet fields. In his letter Mr. Backus, owing to the opposition of the working people about Norfolk, advises against putting the boys out to work and says: "We have three political parties in this state at the present time, about 70,000 in each party. One party is composed of the Farmers' Alliance and the Knights of Labor combined, the others of Republicans and Democrats. I feel sure that if we allow our boys to work in the beet fields the Farmers' Alliance and the Knights of Labor organizations will condemn our action."

Commissioner Morgan's Instructions. Commissioner Morgan, in his reply suggests that if the superintendent finds his efforts to secure proper employment for the pupils of his schools at reasonable wages are to be resisted by political parties or other organized bodies of citizens of Nebraska, that he report the case fully to the order of the matter may, if necessary, be a before congress at its next session. The commissioner further asks that if in the judgment of the superintendent the people of Nebraska are so hostile to the school in endeavoring to secure employment for the children of the Indian pupils, whether it would not be best to stop all projected improvements with a view of closing the school and abandoning the enterprise. The money, he says, can be expended to advantage in states where the children are only glad to have these institutions of learning.

Diplomats to Visit Chicago.

WASHINGTON CITY, June 11.—A party of diplomats left this city at 10.30 this morning for Chicago. The party went in a special car over the Pennsylvania road and was in charge of Chief Clerk Brown, of the state department. The party will visit Chicago on invitation of the state department to look over the World's fair site so that they can inform their governments as to the progress of the work.

Cattle Quarantine Stations.

WASHINGTON CITY, June 11.—Secretary Foster has addressed a circular letter to collectors of customs naming Detroit and Port Huron, Mich., among others, as quarantine stations, at which only neat cattle, sheep and other ruminants, and swine can be imported into the United States under the act of congress providing for the inspection of meats for exportation, prohibiting the importation of adulterated articles of drink or food.

The Knights of Labor and Col. Meredith.

WASHINGTON CITY, June 11.—Secretary Foster stated yesterday that it was only fair to say that the investigation made by the treasury committee as to the use of inferior materials by Chief Meredith, of the bureau of engraving and printing, and which resulted in his complete exoneration, was largely exparte, and the Knights of Labor made but little effort to prove their charge against Mr. Meredith.

Government Exhibit at the Fair.

WASHINGTON CITY, June 11.—Director General Davis, of the World's fair, had an interview yesterday morning with Assistant Secretary Nettleton, in which he concluded the arrangements for the government display. Mr. Davis left for the west in the afternoon.

An Indiana Man in Luck.

WASHINGTON CITY, June 11.—Jason E. Baker, of Indiana, private secretary of treasurer Nebeker, has been appointed chief of the national bank division, treasurer's office.

Duluth Gets the St. Paul Club.

ST. PAUL, Minn., June 11.—St. Paul will open in Duluth July 4. Manager Watkins has received a telegram from Duluth stating that the transfer of the franchise had been completed, and that work was already under way on the new grounds. St. Paul may, however, have a club, as a movement is on foot to secure the Lincoln franchise. The Lincoln club is a winner, but is losing money at Lincoln. It is believed that a winning club would pay at St. Paul.

WILL DIVIDE THE CHURCH.

Several Secessions from the Reformed Presbyterian Communion.

PITTSBURGH, Pa., June 11.—The trouble in the Reformed Presbyterian church came to a crisis yesterday, when the synod, by a vote of 55 to 37, expelled for scandal, libel and devious courses in advocating the exercise of the elective franchise by members—which latter is forbidden by the laws of the church—the following members: Revs. R. M. Milligan, J. R. J. Milligan, W. H. Reed, W. L. C. Sampson, and J. C. K. Milligan. The scenes while the vote was being taken were very exciting and there is every indication of a big secession from the church. Indeed, the secession began during the vote.

Men Who Will Leave the Seat.

Revs. J. F. Carson, John Fease, and E. M. Smith refused to vote, and announced their withdrawal from the church. Rev. S. R. Thompson told the synod that the action was illegal, and that it would have been taken from the people later. The expelled ministers spoke, and said they would appeal to their presbyteries. All those who voted no presented a protest, and asked that it be spread upon the minutes.

DUG UP AN ANCIENT RELIC.

A Dubuque Gardener Uncovers a Very Old Sword.

Dubuque, Ia., June 10.—Henry Wagner, an old German gardener, was digging in his garden when he turned up what proved to be a historical relic of great value. It was the rust-encrusted blade of an ancient sword. When the crust had been removed on one side near the hilt could be made out a beautifully engraved scroll, inscribing the date of 1590. Immediately above it is the figure of a crouching hound, and still higher up a mailed arm and hand clenching a drawn sword.

It Is Still a Good Blade.

On the other side is engraved what looks like a papal mitre and a stand of armor, with crossed swords and lances. The whole blade is covered with beautiful engravings, and seems to be of the finest Damascus steel. Although over 300 years old it can still be bent almost double. The sword is thought to be a relic of the early French explorers who first visited the valley of the Mississippi.

Doings of the Wisconsin Alliance.

LACROSSE, Wis., June 11.—The second day's session of the Wisconsin Farmers' Alliance was occupied by a discussion relative to consolidation with labor orders and the adoption of a platform upon which the Alliance proposes to fight it out. The committee on resolutions recommended the free coinage of silver, abolition of national banks, and loaning of money to citizens at interest not less than 2 per cent. on real estate security. It was resolved that the government should own the telegraph and railway lines, that senators and the president should be elected by a direct vote of the people, and that women should be allowed to vote.

Soldier-Lynchers Indicted.

WALLA WALLA, Wash., June 11.—A report has been made to the superior court by the grand jury which investigated the lynching of A. J. Hunt by United States soldiers. April 25. A true bill was found against only seven enlisted men in the Fourth United States cavalry, although the jury were satisfied that there were a number of others equally as guilty. This belief was not supported by sufficient evidence to indict. The jury mildly censured the colonel in command for not taking proper precautions to prevent the outbreak.

To Blow Up a Mountain.

NEW YORK, June 11.—There will be a novel sight afforded to the persons who go to South Bethlehem, on the West Shore road, next Tuesday. Sixty thousand tons of rock—an entire mountain ledge—will be blown away by dynamite under the direction of the Edison Electric company in the limestone quarries of P. Callahan. It will be the most extensive blast in the records of mining history, and a big crowd of spectators is looked for.

Dugout Men, Strikers Sent Out.

DIPOIN, Ills., June 11.—John Golings, state president of the Miners' Federation, has been here for two days trying to settle the difficulties between operators and miners, but has failed. The operators offer 50¢ cents per ton for the year and monthly pay. The miners refused to sign the contract, and there is no probability that work will be resumed soon.

The Northwestern League.

CHICAGO, June 11.—After several hours of hard work the directors of the Northwestern league unanimously adopted a new schedule yesterday. The reorganized league will open its season to-day, Friday at Grand Rapids, Terre Haute at Dayton, and Evansville at Fort Wayne. The last game will be played Sept. 21.

The One-Handers' Strike Settled.

CLEVELAND, O., June 11.—The strike of one-handers here and at Randall has been settled. The workmen have accepted a proposition made by the dock companies providing that a uniform rate of 11 cents a ton be paid for all ore unloaded from vessels. Work was begun yesterday.

Legal Execution in Kentucky.

HICKMAN, Ky., June 11.—Lev James, colored, was hanged yesterday. His neck was broken by the drop. The crime for which Lev James suffered the death penalty was the unprovoked murder of Thomas Garvin, at Fulton, Ky., in November, 1880.

COLFAROVA, Pa., June 11.—Last evening lightning struck two 30,000-barrel iron tanks, containing Buckeye oil at this place, setting them on fire. Loss, \$40,000.

Didn't Wait to Be Beheaded.

North-east Decatur.
Miss Cothran is still very low.

Mrs. Robert Whist, of North Morgan street is very sick.

Our citizens begin to miss the street car on the Eldorado street end.

Like Lowe and Mark Stevens spent today on the river fishing—Luck very poor.

William Holston, of Nantico, was out to see the big sewer in Northeast Decatur.

Mr. Boyer of North Calhoun street, in the absence of his wife, is keeping house and doing the work on crutches.

Mr. and Mrs. John Murry, of Garrett, Ind., visited Mr. and Mrs. Dill and Mrs. Sapp, of North Clayton street and returned home Tuesday morning.

A surprise on D. O. Kincaid on North Clayton was a very successful affair. The faithful twenty were there in full force, and they enjoyed themselves in fine style until a late hour last night.

O. E. Harris, ex-mayor of Clinton, Ill., and a friend from Marion, were out in Northeast Decatur Monday evening, prospecting. Mr. Harris is thinking of locating in Decatur. He is an attorney of quite a good deal of ability.

A Strike.
A great contest between capital and labor is now going on in the midst of us. Four men are engaged in a desperate struggle with a gigantic corporation. That is, they were engaged in the struggle for the short time yesterday morning, then they went off to work for some one else at greatly increased wages and left the corporation to its own resources. The four men were the entire Illinois Central section gang under the direction of Foreman Dan McNamara. They have been working for \$1.10 a day. Wednesday day night they quit in a body, because the company would not pay more. They made no specific demand, but said the company must pay more, or lose their services. The company did not say anything about it, and yesterday morning the men went to work for other people. Two are in the sewer at \$1.50 a day. As the sewer contractors want men all the time, it is likely that the railroad company will get any Decatur people to work for them. They may have to send in some of the Italian Mafia.

The Farmers' Review reports the condition of winter wheat for the week as average or above, in all the winter wheat states except Wisconsin, where only two counties report an average. Corn is doing well and promises an average crop in all the winter wheat states except Kentucky and Michigan, where it is not doing so well as in the states to the north. Oats are in bad shape in Ohio, Indiana, Illinois and Kentucky. In other wheat states they are reported good to average. Spring wheat is reported as thriving in all states except Kansas, where it is fair. Fruit in northern sections of Wisconsin, Illinois, Indiana, Ohio and Michigan has been damaged by a late frost in other sections it is in fair to fine condition.

A Cat Story.
Doubtless County Review.
On Tuesday of last week Squirtly Spinks, of this city, put a cat in a trap and began killing his young chickens, and after debating as to the best method of getting rid of her, brought the feline down and put it in the caboose of John Jewell's train, with the instructions to throw her off at Atwood. If Squirtly had anything against Atwood he didn't even up on that score, for John forgot old puss until he reached Decatur. At that point she was let "out of the bag," and on the Friday following she turned up at her old home in Peoria, 30 miles away, and scratched on the door for admittance. The question is, how did she find her way home, taken as she was, securely fenced in a bag the above distance?

Sullivan.
Miss Ida Frazer is the guest of Shelbyville friends.
Sullivan will have the biggest 4th of July this year she ever had.

W. A. Steele returned from a business trip to Kansas Tuesday night.
Senator Wright is home, not waiting the adjournment of the legislature.

Ten Party.
Mrs. Ed Backirk gave a very delightful tea party yesterday afternoon in honor of her guest, Mrs. E. Y. Blair, of Chicago.

A Real Balm.
The dictionary says, "A balm is a thick, pure, aromatic substance flowing from trees." Kemp's balm for the throat and lungs is the only cough medicine that is a real balm. Many thin, watery cough remedies are called balms, but such are not. Look through a bottle of Kemp's balm and notice what a pure, thick preparation it is. If you cough, use Kemp's balm. At all drug stores. Marge bottles 50c and \$1.

The Teachers.
All the old teachers in the city schools have been reappointed except a few who have resigned. Among those are Misses Nannie R. Gray and Ada Ferguson, of the high school. The former will rest for a year and the latter will take a school nearer her home in Wisconsin. Miss Minnie Wilson, of the Marietta street school, has also concluded not to teach here next year.

Wheat.
Wheat prospects were never better. It is estimated that from the present outlook the yield will be from 20 to 35 bushels per acre, and some fields are estimated at 40 bushels.

Star Club Meeting.
The Star Cycling club meets at 7:30 to night at their headquarters, when arrangements will be made to hold another picnic. All riders are invited to attend.

The committee on public buildings reported that they had examined the claims referred to them and recommended that they be allowed. The report was received and warrants were ordered drawn.

The committee to whom was referred the matter of fixing the fees for the late election made a report which was read and approved. The report fixes the allowances as follows: Judges and clerks, \$5; returning poll books, \$1.50 and mileage; posting notices in outside townships, \$1; posting notices in city of Decatur, \$2. The committee on printing reported that they had seen all of the papers in the city and had received bids from them as follows: Republican, \$75; Herald, \$75; Review, \$75; Bulletin, \$50. Streets were ordered that the contract be awarded all the papers at the price. The motion was amended by Hawkyard that the contract be awarded to Republican and Review. Motion as amended was carried.

The committee to whom was referred the communication from the clerk of Ellington county with regard to a claim which that county had against Mason for keeping pauper, reported that they had made full inquiry with regard to same and found that no such party ever lived in the county, and recommended that the bill be not allowed.

The steward of the poor farm, submitted his report which on motion of McClure was received and placed on file. On motion of Singleton a committee of three, consisting of Singleton, Hawkyard and Barber, was appointed to confer with Sheriff Ford in regard to the bill of Linn & Scruggs for expenses in decorating jail. He Likes Decatur.
J. M. Cloney yesterday sold lots 1, 2, 3, 4, 5, 6 and 7 in block 1, East Park Boulevard, to Jules Girardin, of Chicago. Mr. Girardin is the representative of the Phoenix Mutual Life Insurance Co., and contemplates locating the general agency of his company in Central Illinois. He has visited several cities in reference to this matter and has virtually decided on Decatur. The realty agent as the most prosperous and promising city in the state outside of Chicago. Being a speculator in real estate "from away back," he shows his faith in Decatur by investing his money here. The universal judgment of traveling men is that Decatur is the booming city of the state. No year in our history shows so much growth and such evidences of material prosperity. Mr. Girardin is to be congratulated on his investment. Chicago capitalists can't do better than invest in our flourishing city.

Did Not Go.
Mrs. Cora B. Underwood, who has been living on South Union street, has packed up all her household goods and sent them to the Washburn freight depot. Yesterday afternoon she sent the last of her effects, two large trunks, to the baggage room, and along in the afternoon appeared there, and asked to have them checked to Springfield. The baggage-man said: "My dear madam, I would be very glad to accommodate you, but I regret the necessity of informing you that your trunks have been loaded on and taken up town by a constable." It was a fact. A creditor to whom she owed a good sized bill had placed an attachment in the hands of Deputy Sheriff Hurst. That officer froze onto the trunks. Mrs. Underwood, it is understood, will reside in Springfield when she leaves Decatur.

The Mackinaw Grounds.
The P. D. & E. is putting considerable work on the 19 acres it has leased near the bridge, where the road crosses the Mackinaw river. A force of men have been thoroughly cleaning up the grounds and giving them a park like appearance. Some buildings are being erected. One will be a pavilion, suitable for dancing and picnic parties. Another may be used for a hotel. A good platform has been built next to the track on which the passengers may get off the train.

Discharged.
Miss Downey was in Justice Hammer's court yesterday afternoon upon a charge of using profane and unbecomingly language. The charge was preferred by a neighbor, Mrs. Bright. There has been more or less trouble between the two households for some time. After hearing the evidence his honor decided that it was "six of one and a half dozen of the other," and discharged the case.

Fishers-on.
William Brown, H. Post and Ed Donz spent yesterday afternoon fishing in the Sangamon. No particulars are given, because it is dangerous to ask the parties about the matter.

A BLOODY FIGHT OVER A CHILD.

A Domestic Difficulty in Which the Third Party Gets the Worst of It.

A bloody encounter occurred yesterday morning between Henry Williams and Frank Bainter, at the residence of Benjamin Williams, at No. 705 North Edward street, in which the former attacked the latter with a flat iron, striking him about the head and face and inflicting two ugly though not dangerous scalp wounds. The trouble grew out of a wrangle between Williams and his wife over the possession of their little son, Truman, aged about four years. It seems that Mrs. Williams, who for some time has been staying at the home of her father near Forsythe, came to town yesterday morning, accompanied by her brother, Frank Bainter, and her little son. They drove to the residence of Benjamin Williams, where the trouble occurred, and getting out she went into the house taking the lad with her. As soon as she entered the house her husband made an attempt to take the child away from her. The disturbance attracted the attention of Frank Bainter and getting out of the buggy he went into the house to learn what the trouble was about. By the time he got to the house Williams had endeavored to possess himself of a loaded shot gun which was in the house, but was prevented from doing so by his mother, who hid it. He was looking for it and saying what he would do for it in case he found it, when Bainter reached the house. As soon as he did him to let the gun alone and behave himself. At this point Williams picked up the flat iron and struck him several times, when Mrs. Williams succeeded in putting a stop to the attack. Williams was considerably used up in the fight, but just to what extent is not known.

As soon as the fight ceased Bainter, Mrs. Williams and the boy got into the buggy and drove to Gracie's barber shop, where they were dressed. His shirt and clothing were covered with blood, and the spectacle he presented was exciting. He said that he did not come to town to get into any trouble and did not intend to interfere in the affair other than in the interest of peace. He said that he would not swear out a warrant for Williams' arrest.

Mrs. Williams said that while she was at her father's house her husband sold all of their household goods. They used to live on East William street, in the Skelly property. She swore out a warrant for the arrest of her husband, and Marshal Mason and Officer Broadway went to his father's house as quickly as possible. When they arrived he had left in the direction of the river.

COUNTRY LODGE, I. O. G. T.

The Mason county lodge of the Independent Order of Good Templars is in session at the hall of Deatur lodge. Forty delegates are present. Every lodge but the one at Maros is represented. This is the best meeting of the county lodge ever held. County Templar D. I. Bunn presided yesterday. After discussing different questions, these officers were elected:

County Templar—Dr. Wallace, Long Creek.
Vice Templar—Clara Bullard, Warrensburg.
Recording Secretary—Mrs. Clara Ritchie, Warrensburg.
Financial Secretary—Will Sherman, Deatur.

Treasurer—Mrs. B. F. Mills, Deatur.
Marshal—E. N. Six, Argenta.
Guard—Mrs. J. H. Rainey, Forsythe.
Sentinel—M. Johnson, Deatur.

Last night officers were installed. A model initiation and an interesting program followed.

She Will Keep the Horse.

Justice Curtis yesterday rendered his decision in the case of Miss Nora Parker vs. Hodge & Wilson, for damages sustained in the purchase of a horse some time since for which she paid \$185. By the decision Miss Parker will recover damages to the amount of \$115 and be allowed to keep the horse. Some time after the decision was rendered Messrs. Hodge & Wilson went to Miss Parker and offered to take the horse off her hands at the original price which she paid for him, providing she would pay the costs of the suit. This proposition she refused to accept. A motion for an appeal of the case to the circuit court was made, but was afterward withdrawn. The case attracted considerable attention, and in arriving at his decision, the court says that he digested about a statute and a half. He thinks he will be prepared for horse cases in the future.

Starr-Radtch.

About 50 relatives and friends were present last night at the residence of Mr. and Mrs. C. C. Radloff, when their daughter Miss Nora Aileen was married to Harry C. Starr. The ceremony was performed at 8 o'clock by Rev. James Miller. As the couple entered the parlor, which was decorated with flowers, the full opera house orchestra played the wedding march from "Lohengrin." Afterward, as the company was congratulating Mr. and Mrs. Starr, Mendelssohn's march was played. The bride wore a handsome traveling costume of steel blue Henrietta. A wedding supper was served immediately after the ceremony. Mr. and Mrs. Starr left last night on the I. D. & W. for Cincinnati, from where they will go to Alabama. After a two weeks' visit they will return home, and for the present reside at Joe Starr's. A handsome home is being erected in Mills & Starr's addition.

The Dog Killed.

Officer Ed Leach was instructed yesterday morning to go and kill Joe Danahy's dog, the one that has been biting little children in the northwestern part of the city. Joe consented to the execution. The officer got the dog and took it off in an alley, where he tied it to a post. Then looked around to see if anyone was near who might be injured. Turning to the dog again he saw it just setting off on a run. It had knawed the string in two. The officer says he whipped out his gun, and got the dog on the fly, shooting at it only once. No one else saw the feat.

A Picnic.

About a dozen families living in block 700, 800 and 900 on West Wood street, had a very pleasant picnic at Riverside park yesterday afternoon. The ladies managed it. They went out with the children about 2:30. Supper was spread under the trees on an improvised table. It was an elegant supper, with all the substantial, as well as the delicacies. The men went out about 8. Then there was something like 75 in all. After supper boat riding and games were enjoyed for about an hour.

It is expected that the Citizens line track on East Edmund street will be put down again early next week. It has been up for several days on account of sewer building.

A three story brick business room is to be erected at once on the Harpstrite lot at No. 543 North Water street. The old building which was on the lot was moved off yesterday.

The Shorb & Yack assets amount to \$2,979.83. In round numbers the liabilities are \$3,500. It is expected that the business will pay about 30 cents on the dollar.

The house being moved from 549 North Water street was on the Citizens line track yesterday and made transferring necessary nearly all day. Today it will be on the Short Line track.

The outfit for the daily paper which is to be started at Sullivan arrived yesterday. Will McClure is behind the enterprise, and it is possible for a daily paper to thrive at that place. Will will make it go.

The L. & S. hall blue will undertake to wipe up the Calumet tonight at the old hall park. This will be the first game of the season between the two clubs, and promises to be an interesting one. It will be called at 6 p. m.

A. B. Francis, who recently purchased the Dimock stock of groceries at the corner of North Water and Green streets, removed there yesterday to the building he has lately purchased on the corner of Edmund and Warren streets.

Ed Dimock has been having a bad run of luck for the past two days, having had two of his rigs badly damaged. He has a good idea of bugs, but thinks if the present run of luck keeps up, he will have to replenish his stock.

A peace warrant was issued for William Downey, at the instigation of his wife yesterday. Downey has been doing badly of late and in addition to getting beatified drunk is in the habit of abusing his family. He should be placed where he could do neither.

The man who runs the horned owl show on the southeast corner of the square is in great danger, though he does not seem to be aware of the fact. An outraged populace can stand so much of his diabolical drumming, but there is a limit to the amount, and that limit is almost reached. Some night in the near future a mob will call on the gentleman, and when it leaves him he will look much more like a curiosity than his horned owl does now.

August Lasser, a trackman of the Citizens line, was married yesterday afternoon at the German Lutheran church. The bride and groom were accompanied by a large party of friends to the home of August's father, where a big reception was given them last night. An immense supper was discussed by their many friends. Fifteen kegs of beer were a small part of the refreshments supplied. Mr. and Mrs. Lasser will at once go to housekeeping in their home on North Clinton street, where August's father gave them a house and lot for a wedding present.

A pathetic scene caused the train men, suburban visitors, messenger boys and policemen at the depot yesterday afternoon to wear out their handkerchiefs, coat sleeves, and coat tails. A little woman with three little children was leaving her husband, a big man. It appeared that the separation was to be final. The whole party was in tears. Between their weeps he begged her to stay and give him another chance. She replied that she had tried long enough, she was going, and she was going for good. She had stood it as long as she could, human nature could bear no more. So she went to her folks, who live in Kansas.

Goods Recovered.

Marshal Mason received word yesterday from the sheriff at Paris, Mo., that all the things taken from the Chapman house near Boddy a few weeks ago, had been found in the possession of Girard M. Choteau, who was arrested there for horse-stealing. Choteau was arrested at the request of the sheriff at Carmi, Ill. When taken to the office got there the prisoner tried to commit suicide, and all the doctors in the town had a hard time saving him for the penitentiary. They succeeded finally.

Choteau was brought up near Blue Mound, where his father still resides. He had a pair of mules there for some time this spring. The Chapman house was robbed the day Sell's Brothers circus was here. That day Choteau disappeared from Blue Mound with the mules. It was thought before he left that the mules were stolen. It turned out that they were the ones wanted by the Carmi sheriff.

All of Chapman's things were recovered, including a revolver, a double-barrel shotgun, a watch, bed clothing and other articles.

Organization Now Complete.

About 100 Deatur carpenters met at cigarmakers' hall last night and perfected the organization which has been talked up for the last few weeks. The charter from Springfield was on hand. It names our organized carpenters the "United Brotherhood of Carpenters and Joiners of America, No. 778."

Officers were elected last night but it was thought best to hold back their names for a while. A committee was appointed to seek larger quarters for the new organization. It is thought this union will have 300 members within two months, and so a larger hall than the one the cigarmakers have will be required.

Several of the master carpenters of Deatur went into the union last night. It is hoped by the carpenters that all will go in, for it is one of the principal aims of the union to bring about the friendliest and mutually profitable relations between employers and employees. THE REVIEW wishes the carpenters all luck in their venture.

THE CHEAP STORE MUDDLE.

Something About the Stock—A Great Many More Attachments

The Chicago Cheap store matter gets more interesting. Deputy Sheriff Midkiff was taking an invoice yesterday. He was being assisted by D. E. V. Stafford, James Cassidy, and Miss Emma Vording, employees of Butler & Dempsey. They have a big job on hands. The building is piled full of goods. Literally it is packed. The first floor and a second story room are jammed so full there is scarcely room to turn around. Such a stock was never seen. It includes fancy goods, clothing, crockery, boots and shoes, furniture—everything apparently. Many of the packages were never opened. Goods have been received and shipped out in great quantities since the first of January. A large quantity was sent to the branch at Taylorville. The invoice January 1 showed \$10,000 worth of goods on hand. There must surely be that much now, though the traveling men who have examined the stock place their estimates at \$5,000 to \$6,000.

A number of attachments were placed on the stock yesterday. So far the total amount of claims made against Butler & Dempsey amount to about \$3,500. It is expected that there will be a great many more, as soon as the creditors can get here and get out the papers. The attachments already issued are as follows:

J. V. Farrell & Co., Chicago	\$862
Marshall Patrick & Co., Chicago	416
Henry Hohn, Cincinnati	390
Hibbard, Spencer & Co., Chicago	175
Taylor Bros. & Co., Chicago	47
Deatur Electric Co.	36
C. S. Bowman, Deatur	50
C. E. Akers, Deatur	45
J. S. Harvey, Chicago	84
Amberg & Co., Cincinnati	880
R. Alexander & Co., Deatur	33
Hard Knamm Co., Cincinnati	33
Lang Bros. & Co., Chicago	481
Summersfield & Co., Cincinnati	835

Some of the goods in the store were received as late as Saturday and were ordered last week. How Butler & Dempsey got credit every-where is a mystery. Dunj & Co., stopped rating them over six months ago. Two representatives of Chicago men here yesterday said they would probably cause criminal prosecution to be made against the proprietors for misrepresentation in property statements.

R. H. Dempsey was in consultation yesterday with John A. Brown and John Drennan, of Taylorville, trying to effect a settlement. They want to buy the stock and pay off the debts.

I. D. Walker went to Taylorville yesterday and put an attachment on the stock there.

TRACK AND TRAIN.

Engineer John Swigert returned yesterday. He will have his old engine, the 571. The Central has a force of men here fixing up the turntable and putting an end in the engine house.

Charles Newell, the telegraph operator, is very low. His friends are afraid he will not live very long.

Tommy Thomas, the Wabash passenger brakeman, is laying off to act as witness in a case in circuit court.

A car famine of unusual proportions is expected when the big grain crop begins to move. Agents of railroads entering in Chicago say they do not see how it can be avoided, since the crops are unusually heavy and the demand for export will be exceptionally large, owing to the shortage abroad.

Harry Kennedy, a brakeman on the east end of the Wabash, has a mystery that he has been trying to solve in all the spare time he has. He put a pair of shoes in a box and started up town. On the way he discovered that the shoes had turned to grass and bricks. The fact that the boarding house folks were all onto the mystery might help a little in explaining it.

The Illinois Central might save money by sending a pilot with the branch trains it is sending through on this division. Yesterday morning while a Wabash passenger train was standing at the depot, a branch train ran down through the yards past the tank and half a dozen car lengths beyond the target, which was set for the Wabash. The crew did not know where Deatur was. The engineer backed up to the tank for water, and the target was given him to get over the crossing safely.
